SUBJECT: Water License Application Withdrawn, University of Laval, for Foxe Basin Project

Dear Mr. Pienitz:

The Nunavut Water Board (NWB) hereby acknowledges receipt, on January 14, 2009 of the e-mail request to withdraw water licence application.

The NWB has determined the project will not require a water licence as there will be no camp, no deposit of sewage/greywater, or use of water other than for domestic use. Provided there are no major changes to the project (camp construction, water use/deposit of waste) the application is now withdrawn.

If you have any questions please feel free to contact me.

Regards,

Richard Dwyer
Licensing Administrator
