Good afternoon Amie – the Nunavut Water Board acknowledges receipt of your new application for a water licence. Due to a shortage of staff in both the licensing and technical departments until after the new year, your application cannot be fully processed until that time.
Regards,

Subject: Gilchrist application Belcher Islands 2011

Hello Ms. Beaulieu,

Attached is 1/4 documents for a water license application for Grant Gilchrist. I will send the other files in a separate email, as they are too large to send in 1 email. Please let me know if you require further information.

Regards,
Amie
