Hello Cynthia,

Thank you for your email. I am writing to let you know that Mike Janssen and Grant Gilchrist are both currently out of the office. We can get back to you regarding file 3BC-GBI1114 either tomorrow or next week after they return.

Thanks again and have a great day,

Jake

Good Afternoon,

Can you please offer the NWB an update on the [3BC-GBI1114](#) file.

Thank you,

Hi Cynthia,

Thanks very much for following up.

I did contact NPC but they have not got back to me. Who at NPC would you suggest I contact, and do you suggest I email them a copy of the water license application?

Please also find attached our formal request to cancel the associated type B license sent in November.

Thanks and have a great weekend,

Mike Janssen

Good Afternoon,

Can you confirm if 8WLC-GBI----, has been submitted to the Nunavut Planning Commission? You may wish to cc the NWB licensing team (at licensing@nwb-oen.ca) when making your submission to NPC.

Can you also confirm when a formal request will be submitted for the closure of the associated Type B file?

Given that a complete application was only received after July 9th 2015, after the NLCA and NuPPAA amendments were in effect. Please be advised that under the Nunavut Land Claims Agreement (NLCA), Article 11, Section 11.5.9 and s. 76 (1) of *Nunavut Planning and Project Assessment Act* (NuPPAA), the proponent of a project governed by NuPPAA is also required to submit a project proposal document (which may include the water licence application) directly to the Nunavut Planning Commission (NPC or Commission) for the NPC's determination regarding the applicable land use planning requirements and/or directions regarding whether the project is subject to screening by the Nunavut Impact Review Board. In particular, please note that as established under Articles 11, 12 and 13 of the NLCA, NuPPAA and Part 3 of the *Nunavut Waters and Nunavut Surface Rights Tribunal Act*, until the project has completed the applicable land use planning and assessment process required by the NPC and the NIRB, the NWB cannot issue a water licence.

The NWB has placed in its Public Registry copies of the Application, all comments received, and communications issued on this subject/ for this file. This information is kept in the NWB's public registry which can be accessed using the following link: <ftp.nwb-oen.ca>

Thank you,

Hi Phyllis,

The last waterboard license I am aware of for this work was 3BC-GBI1114. However, I believe that license is expired and the work has changed since that one was in effect.

Very best,

Mike

Good morning Michael, do you currently have either another Approval Without Licence or a Type B water licence for this project?

Regards,

Hello,

Please find attached an application for water use without a license for work to be completed in the Belcher Islands in January.

Thanks very much and have a great day,

Mike Janssen
