Gjoa Haven, NU X0B 1J0

January 14, 2008

Dear Sir:

Re: Amendment to Type – B Water License MWB6HLC0406

Matrix Aviation Solutions would like to apply for a renewal of the above Class 'B' water license. The extended period of operation will be from April 2008 to December 2011. No changes are proposed in the operation of the camp from the original application and subsequent amendment of the camp location and water intake.

As before this camp is owned and operated by Matrix Aviation Solutions, Yellowknife, NT. The camp is used to house staff for Coronation Minerals who hold the water license and land use permit for a diamond drilling operation on adjacent properties. The camp does not require a land use permit as it is located on titled land owned by Coronation Minerals.

Yours truly,

A handwritten signature in black ink, appearing to read "MK", followed by a large, sweeping circular flourish.

Mike Kenney
