Greetings Phyllis,

Fisheries and Oceans Canada has reviewed the Renewal Application for the above noted project under the habitat protection provisions of the Fisheries Act. It has been concluded that there are no risks to fish and fish habitat. As such we have no concerns.

Cheers,  
Tracy

Fisheries and Oceans Canada has changed the way new project proposals (referrals), reports of potential *Fisheries Act* violations (occurrences) and information requests are managed in Central and Arctic Region (Alberta, Saskatchewan, Manitoba, Ontario, Nunavut and the Northwest Territories). Please be advised that general information regarding the management of impacts to fish and fish habitat and self-assessment tools (e.g. Operational Statements) that enable you to determine *Fisheries Act* requirements are available at DFO's "Working Near Water" website at [www.dfo-mpo.gc.ca/habitat](http://www.dfo-mpo.gc.ca/habitat). For all occurrence reports, or project proposals where you have determined, following self-assessment, that you cannot avoid impacts to fish and fish habitat, please submit to [fisheriesprotection@dfo-mpo.gc.ca](mailto:fisheriesprotection@dfo-mpo.gc.ca). For general inquiries you can also call 1 855 852-8320.
