To whom it may concern,

This letter is in regards to license number 3BC-ING0712. We would like to cancel this license due to the fact that this camp has never been used for business purposes. This camp is my personal camp for family and friends only. I am also requesting to waive all fees that are associated with this license. Attached (as an email attachment) is the Standard NWB Annual Reporting Form which has been filled out with information that I can provide you.

Thank You,

Eric John Tapatai
