

**ANNUAL REPORT**  
**FOR NWB LICENSE 3BC-IQA1010, submitted by Max Friesen**

---

**YEAR BEING REPORTED:** 2010

The following information is compiled pursuant to the requirements of **Part B, Item 1** of Water Licence (license number) issued to the Hamlet of \_\_\_\_\_.

- i)- iii) tabular summaries of all data generated under the "Monitoring Program"; monthly and annual quantities in cubic metres of freshwater obtained from all sources; monthly and annual quantities in cubic metres of each and all wastes discharged;

Attached are results for Monitoring station **XXX-1, XXX-2, XXX-3 and XXX-4**, as well as detailed chemical, physical and biological analysis required at **XXX-2** and **XXX-4** (for the months of May to August, inclusive)

Month Reported	Quantity of Water Obtained from all sources	Quantity of Sewage Waste Discharged
January		
February		
March		
April		
May		
June	2 cubic metres	small amount in latrine pit
July	6 cubic metres	small amount in latrine pit
August		
September		
October		
November		
December		

**ANNUAL REPORT**  
**FOR NWB LICENSE 3BC-IQA1010, submitted by Max Friesen**

---

<b>ANNUAL TOTAL</b>	8 cubic metres	small amount – approximately 40 litres
---------------------	----------------	--

Please indicate volumes in cubic metres - 1 cubic meter equals 1000 litres

- iv. a summary of modifications and/or major maintenance work carried out on the Water Supply and Waste Disposal Facilities, including all associated structures and facilities;

No major modifications or maintenance work occurred. Latrine pits were excavated over 30 metres from the Ekalluk River, and grey water disposal areas were also located over 30 metres from the Ekalluk River.

---

- v. a list of unauthorized discharges and summary of follow-up action taken;

No unauthorized discharges occurred.

---

- vi. a summary of any abandonment and restoration work completed during the year and an outline of any work anticipated for the next year;

At the conclusion of our field season, all equipment and garbage was back-hauled to Cambridge Bay. All archaeological excavations were backfilled. Latrine pits were backfilled. We do not anticipate returning in 2011.

---

- vii. a summary of any studies requested by the Board that relate to waste disposal, water use or reclamation, and a brief description of any future studies planned;

No studies were requested.

---

- viii. any other details on water use or waste disposal requested by the Board by November 1st of the year being reported; and

None were requested.

---

---

---

---

**ANNUAL REPORT  
FOR THE HAMLET OF (name)**

---

ix. updates or revisions to the approved Operation and Maintenance Plans.  
We did not revise or update the maintenance plan.

---

---

---

**ADDITIONAL INFORMATION THAT THE LICENSEE DEEMS USEFUL:**

At the end of the field season, we made every effort to return our camp site to its exact appearance before we arrived. No adverse or unexpected impacts to water sources occurred.
