Subject: Mars Society – Mars Project– Land Use Plan Conformity Review – New

The Nunavut Water Board received an application for a new water licence on February 14, 2003 from Mars Society for water use and waste disposal associated with the Mars Project in the Qikiqtani region. This application for a new licence is deemed a “project proposal” under the NLCA and is subject to the provisions of Article 11,12, and 13 of the NLCA.

In accordance with S.11.5.10 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project proposal shall be reviewed by the Nunavut Planning Commission to determine conformity with an approved land use plan, before it can be processed by the Nunavut Water Board.

The application documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder “NWB4DEV.”

Upon completion of the review, please forward the project proposal with your determination and any recommendations to our office or other appropriate federal or territorial agencies as required. The Nunavut Water Board would appreciate receiving a copy of any correspondence that would indicate the status of the conformity check.

Sincerely,
