**Subject: Submission of the 2008 and 2009 Annual Reports for “Flashline Mars Arctic Research Station” Project under Water Licence 3BC-MAR1014**

---

Dear Robert Zubrin:

The Nunavut Water Board (“NWB”) received the 2008 and 2009 Annual Reports for the above-mentioned project on September 30, 2009. The Annual reports were distributed on October 9, 2009 for information purposes and no comments have been received to date. Technical staff reviewed and determined that the 2008 Annual Report was complete and consistent with the reporting requirements of Part B, Item 2 in Licence 3BC-MAR1014. The 2009 Annual Report, however, was found to be missing data required under Part B, Item 2, in the Licence. To ensure the reporting requirements are met at all times, future reports are to include or address the following items:

1. The Licensee is advised to keep more detailed records of water use as required under Part B, Item 2; and
2. The Licensee shall provide the GPS coordinates/location for where each type of waste generated from the project is deposited as required under Part I, Item 3.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338 ext. 25, or by email to [sjoseph@nunavutwaterboard.org](mailto:sjoseph@nunavutwaterboard.org) at your earliest convenience.

Yours truly,
