Water Usage License 3BC-NWT0810

Dear sir;

I apologize for the lateness of the Defence Research and Development Canada water usage report for 2009. There have been changes in both the project staff and the project objectives that have consumed much of my time. These changes will be presented in a new water usage license that will cover the Northern Watch activities at the Gascoyne Inlet Camp from 2010 through 2014.

Sincerely

Bruce Grychowski
