**Attachments:** Richard Dwyer.vcf; 091126 3BC-PRO0914 Amendment Application-ILAE.pdf; 100114 3BC-PRO0914 English Summary-ILAE.pdf

Good morning Helen;

The MasterCard information you may give to me over the telephone. I suggest e-mailing the Nunavut Planning Commission (NPC) along with your water licence application and English summary for any future water licences, renewals, amendments. I've cc'ed NPC staff and by copy of this e-mail to them request they perform a review; they will be in contact with you.

Regards-Richard

Subject: Re: Fee and NPC

Dear Richard,  
I can pay the \$30 administration fee by Mastercard if this is suitable method. Please could you let me know where to send the card details.

I have only this year taken over the responsibility fieldwork permitting. Therefore, I do not have access to all of the correspondence relating to the initial issuing of the license in 2009 and related documentation. I was unaware that we needed NPC paperwork for temporary camps (4 tents) and my colleagues here do not recall receiving correspondence from this organisation. Could you please advise on how best to proceed?  
Helen
