Hello Andrew,

Thank you for your note.

We filed a Cancellation for 3BC-PVE1313 as the collapse of our funding situation precluded the work. We worked with Robin Ikkutisluk to rectify this matter last Winter and Spring. I have cc'd her and await advice on how to proceed.

With thanks,

Neil

Mr. Shubin,

The Field Operations Unit of Aboriginal Affairs and Northern Development Canada is currently engaged in conducting our annual Risk Prioritization Exercise in preparation for the 2015 field season.

It has come to our attention that the above noted Water licenses for work conducted between 2011 and 2012 and 2013 respectively have expired and that a number of required Annual Reports remain outstanding to the Nunavut Water Board and the Inspector. Additionally a review of the files is unable to produce either an application for renewal or an application for cancellation of the expired Licenses.

It is AANDC's understanding that the above noted license (3BC-PVE1313) was replaced by the Nunavut Water Board with an annual Authority without a License (8WLC-PVE1415). This new Authorization without a License however also does not release the Licensee from the Liability associated with the now expired License. The final disposition of the expired license must still be addressed.

In addition to the enclosed assessment form to be completed and returned to our offices by March 31st 2015, I have included a copy of your Water License . I appreciate your cooperation as we move ahead with this file.

If you have any questions or concerns please do not hesitate to contact myself or the Manager of Licensing at the Nunavut Water Board, Phyllis Beaulieu Manager of Licensing Nunavut Water Board.

Thank you in advance for your continued cooperation,

Respectfully,
