Good Morning Karen,

Sorry for the delay in replying but I have been away from my desk the last few days in meetings. If your company has no intention of returning to the locations/ sites I will require an annual report be filed with the Nunavut Water Board.

The requirement to complete an annual report appears on Page 4 of the License and it outlines those items that are to be included in the report.

I have included a copy of your license as well as a blank copy/template of the required Annual report.

Please submit this form, once complete, to the Manager of Licensing at the Nunavut Water Board ( Phyllis Beaulieu. [Licensing@NWB-OEN.CA](mailto:Licensing@NWB-OEN.CA) ) and myself.

Once the Board has approved your Annual Report I will schedule an Inspection of the sites and from their either recommend closure of the License or require remedial works be completed prior to License cancellation.

If you have any further questions please do not hesitate to ask.

Dear Andrew Keim,

Your email to Mr David Duggan has been forwarded to me.  
We did indeed obtain a water license from you in relation to filming activity we carried-out between 3rd and 7th July 2013, when our crew followed Professor Neil Shubin on one of his expeditions.

I'm not entirely clear from your below email of what information exactly you require from us now. Would you be so kind as to explain? It may be that I will have to consult with Professor Shubin so I'd rather be absolutely clear about the info. we need from him.

We are aware that our licence has now expired - and have no plan to return to the site this year.

With thanks and best wishes,

Karen Lee

Mr. Duggan,

The Field Operations Unit of Aboriginal Affairs and Northern Development Canada is currently engaged in conducting our annual Risk Prioritization Exercise in preparation for the 2015 field season.

It has come to our attention that the above noted Water license for work Planned in 2013 has expired. Our review of the file is unable to produce either an application for renewal or an application for cancellation of the expired License.

In addition to the enclosed assessment form to be completed and returned to our offices by March 31st 2015, I have included a copy of your Water License. I appreciate your cooperation as we move ahead with this file.

I am specifically interested in what work was conducted during the term of the License as there appear to be none of the required Annual Reports on file for the life of your project.

If you have any questions or concerns please do not hesitate to contact myself or the Manager of Licensing at the Nunavut Water Board, Phyllis Beaulieu Manager of Licensing Nunavut Water Board. [Licensing@NWB-OEN.CA](mailto:Licensing@NWB-OEN.CA)

Thank you in advance for your continued cooperation,
