Does the proposed amendment change the need for other authorizations in addition to the sub-surface and surface land use authorizations provided in Block 6?
☐ Yes X☐ No
If Yes, indicate any additional authorizations required, which authorizations are no longer required, and which authorizations continue to be required.
For each provide the following:
Authorization:
Administering Agency:
Project Activity:
Date (expected date) of issuance: Date of expiry:
17. PREDICTED ENVIRONMENTAL IMPACTS OF UNDERTAKING AND PROPOSED MITIGATION MEASURES
Does the proposed amendment change the predicted environmental impacts of the undertaking or the mitigation measures?
☐ Yes X☐ No
Describe direct, indirect, and cumulative impacts related to water and waste.
Do not foresee any impact.
Identify any changes. No
18. WATER RIGHTS OF EXISTING AND OTHER WATER USERS
Was compensation paid and/or an agreement(s) for compensation been entered into with any existing or other users of water during consideration of the existing licence?
☐ Yes X☐ No
If Yes, provide the names, addresses and the nature of water use by those persons or properties.
Does the proposed amendment adversely affect any known persons or property including those that hold licences for water use in precedence to the application, domestic users, in-stream users, authorized waste depositors, owners of property, occupiers of property, and/or holders of outfitting concessions, registered trapline holders, and holders of other rights of a similar nature?
☐ Yes X☐ No
If Yes, provide the names, addresses and the nature of water use of those persons or properties.
Advise the Board if compensation has been paid and/or an agreement(s) for compensation has been reached with any existing or other water users with respect to the proposed amendment.

Control of the state of the sta

Э.	INUIT WATER RIGHTS
<b>M</b>	compensation paid/ or an agreement(s) for compensation been entered into with any Designated Inuit nization (DIO) during consideration of the existing licence?
organ	☐ Yes X☐ No
	, which DIO(s)
Does Inuit (	the proposed amendment substantially affect the quality, quantity or flow of waters flowing through Owned Land (IOL)?
	☐ Yes X☐ No
If Yes	s, advise the Board if negotiations have commenced or an agreement to pay compensation for any or damage has been reached with one or more DIO(s) with respect to the proposed amendment.
20.	CONSULTATION - Provide a summary of any consultation meetings including when the meetings were held, where and with whom. Include a list of concerns expressed and measures to address concerns.
	- No public meeting. Discussion was made with SAO over telephone several times.
<u></u> 21.	SECURITY INFORMATION
Does	s the proposed amendment change the financial security assessment?
	☐ Yes X☐ No
Does	s the proposed amendment change the estimate of the total financial security for final reclamation?
	☐ Yes X☐ No
liabili Estin third to th	ide an estimate of the total financial security for final reclamation equal to the total outstanding reclamation ity for land and water combined sufficient to cover the highest liability over the life of the undertaking nates of reclamation costs must be based on the cost of having the necessary reclamation work done by party contractor if the operator defaults. The estimate must also include contingency factors appropriate particular work to be undertaken. Identify any changes in the financial security assessment resulting the proposed amendment.
princ	ere applicable, the financial security assessment should be prepared in a manner consistent with the cipals respecting mine site reclamation and implementation found in the <i>Mine Site Reclamation Policy found</i> , Indian and Northern Affairs Canada, 2002.
1
