Subject: Licence No. 3BM-ARC1419 – Submission of 2009 - 2014 Annual Reports for the Hamlet of Arctic Bay Municipal Water Licence

Dear Ms. Johnson and Mr. Roy:

The Nunavut Water Board (NWB or Board) has completed its review of the 2009 – 2014 Annual Reports (Reports), received under separate submissions from the Hamlet of Arctic Bay (the Hamlet) in support of the relevant requirements included in the water licence issued to the Hamlet.

The review determined that the 2012 – 2014 Reports are generally complete and consistent with the reporting requirements under Part B, Item 1 of Licence No. 3BM-ARC1419 or relevant iteration(s) of the Licence. In contrast, the 2009 – 2011 Reports were found to be partially complete as the 2009 and 2011 Reports did not address any of the sampling and analysis required under the licence while the 2010 Report only partially addressed those requirements.

Copies of the Reports, which were previously distributed publicly for information shortly following receipt, as well as all non-confidential information received for the file can be accessed through the NWB's public registry and File Transfer Protocol (FTP) site using the following link:

Separate from the above, the Licensee is advised that the analytical results accompanying future Annual Reports should indicate the monitoring station numbers associated with the respective results.

If you have any questions related to the above, please contact the NWB's Licensing Department at (867) 360-6368 or by email to licensing@nwb-oen.ca.
