August 28, 2012

Subject: Commissioning the new Sewage Lagoon

Dear Mr. Qamanirq,

I am writing in response to your e-mail dated August 27, 2012. The second discharge chute was a change after the fact and therefore was not a part of the original design and construction contract. The second chute will however be added as per your request.

In the meantime, the construction of the new sewage lagoon is now complete as per the original design and is ready to be commissioned immediately. You may now begin using the new facility and start decanting the old sewage lagoon so that we may begin the decommissioning phase of the project.

If you have any questions or concerns please let me know.

If you have any question or concern, please contact me at any time.

Thanks.

Bhabesh Roy, M.A.Sc., P.Eng.
