**Subject: Commissioning of the Clyde River Sewage Lagoon- O&M manual**

Dear Ms. Beaulieu,

I am writing you to confirm that the construction of the new Sewage Lagoon at Clyde River was completed during the summer of 2010 and commissioned in order to rehabilitate the existing Lagoon. The existing sewage lagoon was rehabilitated in 2011 and the entire project is now completed. The O&M manual of the new sewage lagoon was submitted to NWB prior to commissioning.

The Hamlet of Clyde River is planning to commission the rehabilitated sewage Lagoon on June 1<sup>st</sup>, 2012 to use it in conjunction with the Dalhousie study of waste water systems in Nunavut.

Please find attached the combined O&M manual for both cells. I will appreciate if you please let me know whether you have any comments or concerns so we can revise the documents and make a hard copy available to your office by July 1<sup>st</sup>, 2012.

The Hamlet of Clyde River will operate both the new Sewage Lagoon and the rehabilitated sewage lagoon under the guidelines and directions of the final O&M manual.

Thanking you,

**Subject: Commissioning of the Kimmirut Sewage Lagoon- O&M manual**

Dear Ms. Beaulieu,

I am writing you to confirm that the construction of the new Sewage Lagoon at Kimmirut was completed during the summer of 2011. The access road from the community to the new sewage lagoon was also upgraded.

The Hamlet of Kimmirut is planning to commission the new sewage Lagoon on June 1<sup>st</sup>, 2012. They will conduct the effluent quality monitoring in the wetland starting from 2013 for three years in order to assess the treatment efficiency. The field water samples will be tested in the accredited lab in Ottawa. They will also submit the Technical reports of the wetland effluent quality analysis to the NWB along with their annual report by February each year.

Please find attached the O&M manual for this new facility. I will appreciate if you please let me know whether you have any comments or concerns so we can revise the documents and make a hard copy available to your office by July 1<sup>st</sup>, 2012.

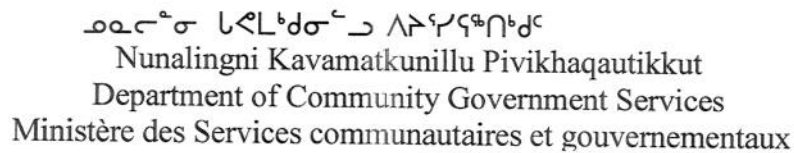

The Hamlet of Kimmirut will operate the new Sewage Lagoon under the guidelines and directions of the final O&M manual.

Thanking you,

Note: Attachment of Consultant's recommendation for Commissioning

April 27, 2012.

**Subject: Commissioning of the Arctic Bay New Sewage Lagoon- O & M Manual**

I am confirming that the construction of the new Sewage Lagoon at Arctic Bay was completed during the summer of 2011. The Lagoon berms were allowed to get freeze during the winter. Minor repairing works are being carried out by July, 2012.

The Hamlet of Arctic Bay is planning to commission the new sewage Lagoon on August 1<sup>st</sup>, 2012. Please find attached the O&M manual for this new facility. Please let me know if you have any comments or concerns so we can revise the documents and make a hard copy available to your office by September 1<sup>st</sup>, 2012.

Thanking you,
