Re: Water Licence Requirements

Dear Mr. Flynn:

In the letter dated January 3, 2001 addressed to you from Philippe Lavellee of Indian and Northern Affairs Canada, the inspector requests that NWB provide water licence information to ease the water licence application process.

To date, no water licence application has been received. To complete a water licence application, the following items are required:

- application form
- supplementary municipal questionnaire
- summary of application in both English AND Inuktitut
- \$30 application fee payable to the Receiver General for Canada
- relevant maps and drawings (maximum size 11" x 17" unless submitted electronically).

I am attaching a copy of our application form and supplementary questionnaire. A copy of both of these items can be obtained in Inuktitut upon request. If you would like electronic copies, please request them by e-mail to rbecker@polarnet.ca.

If you have any questions about the information required in our application form or supplementary municipal questionnaire, please contact our technical advisor, Dionne Filiatrault, at the above numbers or by e-mail at dionne@polarnet.ca.

We look forward to receiving your application.

Sincerely,

Rita Becker
Licensing Administrator
