Re: Annual Water Licence Report No. NWB3ARV0408

Dear Ms Beaulieu;

The Hamlet of Arviat is pleased to submit our 05/06 annual water licence report as per Part B, Section 1 of our current water licence.

The Hamlet does not have a Monitoring Program in place at this time.

Water delivered per month and the annual total based on cubic meter unit.

April	5,025.5	October	6242.1
May	5403.4	November	5740.4
June	5590.6	December	5767.6
July	6127.2	January	6046.9
August	6364.1	February	6147.7
September	5897.1	March	5,844.3
Total	34,407.9	Total	35,789.0

The total annual consumption of potable water is 68,196.9 cubic meters. The Hamlet does not monitor the amount of sewage collected but, it is safe to say that it would be the volume of sewage would be slightly higher.

The Hamlet has commissioned a new sewage lagoon cell in 2005. We started discharging into the new cell in May of 2005. This sewage lagoon was engineered by FSC and built to specifications and approved by Community & Government Services.

There were no unauthorized discharges this past year from the old sewage lagoon cell. This cell is no longer in use. It remains as a stand by cell.

Sincerely,

Richard Van Horne,

Interim, Assistant Senior Administrative Officer

Hamlet of Arviat
