**Re: 3BM-BAK1015 – Water License Amendment Application – Upgrades
To The Municipal Water Treatment System – FSC Architects and
Engineers – Hamlet of Baker Lake.**

Please be advised that the Water Resources Division of Aboriginal Affairs and Northern Development Canada (AANDC) have completed a review of the water license amendment application of 3BM-BAK1015 submitted by FSC Architects and Engineers on behalf of the Hamlet of Baker Lake. The NWB circulated the water license amendment application for comments on June 23, 2011. All documents related to the application posted on the NWB ftp site under 3BM-BAK1015 were included in my review (See attached Technical Review Memo).

Should you have any questions or comments, please do not hesitate to contact me at (867) 975-4282 or by email at Ian.Parsons@aandc-aadnc.gc.ca.

Sincerely,

Original signed by

Ian Parsons
Regional Coordinator

Technical Review Memorandum

To: Phyllis Beaulieu – Manager of Licensing, Nunavut Water Board

From: Ian Parsons – Regional Coordinator, Aboriginal Affairs & Northern Development Canada.

Re: 3BM-BAK1015 – Water License Amendment Application – Upgrades To The Municipal Water Treatment Facility System – FSC Architects and Engineers – Hamlet of Baker Lake.

Background

The Hamlet of Baker Lake has a population of approximately 1900 and is located on the Western Shore of Baker Lake adjacent to the mouth of the Thelon River in the Kivalliq Region of Nunavut.

Recommendations/Comments

AANDC recommends that the applicant submit updated spill contingency and operation and maintenance plans for the upgraded water treatment facility.

Otherwise, AANDC has no concerns with the amendment application for upgrades of the water treatment facility system for the Hamlet of Baker Lake.

Cc. Tanya Trenholm, A/Manager of Water Resources – Aboriginal Affairs and Northern Development Canada, Nunavut Regional Office
Andrew Keim, Water resources Officer - Field Operations – Aboriginal Affairs and Northern Development Canada, Nunavut Regional Office
