Good morning everyone.

Please take this as formal notice of inspection of the 3BM-BAK1526 water licence for the Hamlet of Baker Lake. The inspection will take place on Monday September 19, 2022. We can start at 10am, however I am flexible for start time.

I do intend to take samples of the sewage/water outflow for compliance monitoring.

I have heard good things about baker lake especially the dump management and look forward to seeing it all. If there are any questions, comments for concerns please contact me with the info in my signature below.

Regards, Kyle
