Dear Ms. Filiatrault:

Re: Review of Baker Lake Water Quality Study

Water Resources Division, and the Nunavut District Office have reviewed the above mentioned study. As both offices were involved in the completion of the study, we have no further comments to add. DIAND agrees with the recommendation to locate SNP Station 1191-2 at the inlet to Airplane Lake.

If you would like to discuss anything further, please feel free to contact me at (403)669-2658.

Sincerely,

Shannon Pagotto  
Regional Coordinator
