Re: Executive Summary for Renewal Application

As per our telecon earlier here is our Executive Summary and payment for our Renewal Application. If you have any questions or comments please do not hesitate to contact our office.

Executive Summary:

Cambridge Bay is located on Victoria Island at 69° 07' North and 105° 03' West and 960 km Northeast of Yellowknife. (The little "o" between the numbers indicates degrees) I couldn't get the proper "o" on the computer.)

Our water is pumped from fresh water creek to our fill station. The lake is located 3.0 km North of Cambridge Bay.

Our location of the Waste Disposal Site (lagoon, landfill and bulky waste site) is located approximately 1.0 km from Cambridge Bay.

Please find enclosed the cheque payable to Revenue Canada and the Inuinnaqtun translation for the summary. I trust this what you need, if not please advise, thank you.

Sincerely yours,

Ruth Niptanatiak-Wilcox
Asst. SAO
