Re: Hamlet of Cambridge Bay-Additional Information

Dear Parties:

On April 4, 2001, the Nunavut Water Board sent a letter to the Hamlet of Cambridge Bay with regards to their renewal application. This letter requested the Hamlet of Cambridge Bay to review the comments received from your agencies and provide a detailed response.

On October 25, 2001, the Nunavut Water Board did receive some Water Reports from the Hamlet of Cambridge Bay. These reports were forwarded to the distribution list that same day.

I am attaching our letter of April 4th and the reports of October 25th again for your information. As our office is attempted to continue processing this application, please indicate by **February 15, 2002** whether or not your concerns have been addressed sufficiently at this point.

By copy of this letter to the Hamlet of Cambridge Bay, we are advising them that information may still be outstanding. This letter will be followed up with further correspondence with regards to this matter.

Sincerely,
