

MUNICIPALITY OF CAMBRIDGE BAY

JULY/ 27/2015

RE: Sewage Lagoon Decanting.

The Hamlet started its sewage lagoon decanting on JULY, 27th 2015 at 10:45am ran 24 hrs continuously until AUG 14th 2015. We started decanting AUG 18th, we ran on and off, staggering the decanting so it could flow through the wet lands at a more effective rate. We shut down decanting on SEPT 23rd. This concludes the 2015 decanting season. We ran longer hrs and over more time than 2014 decanting season, we will probably do the same in following years to come.

514.4 hrs x 2000 ltrs per Min x 60 Divided by 1000 = 61,728 m³ of decanting.

Regards
