Subject: Cambridge Bay Water Licence

Hi Phyllis and Richard,

Just a moment ago I had an inquiry from a member of the public regarding some ongoing work associated with Cambridge Bay's sewage lagoon. Apparently a worker informed this person that the sewage lagoon's overflow was being directed towards the river which empties into Cambridge Bay (and where everyone fishes), which understandably caused some concern. When you get a moment could you please forward me a copy of the Hamlet of Cambridge Bay's water licence or let me know where I can find it on your ftp registry? Also, if you're aware of any recent amendments or modifications that might have been applied for or granted, please point me in the right direction!

Thanks for your help,

Ryan
