RE: Notice of construction activities to be undertaken during water pipeline replacement in the Hamlet of Cambridge Bay, Nunavut

Dear Ms. Beaulieu:

As required by the terms and conditions contained in Part E, Item 1 of Nunavut Water Board license NWBCAM0207, the Hamlet of Cambridge Bay is providing notice to the Nunavut Water Board of construction activities to be undertaken during the summer of 2004. These activities will include the replacement of the water line from Water Supply Lake to the water treatment facility located in the Hamlet of Cambridge Bay, and are described in the attached engineered construction diagrams.

As required by Part E, Item 4 of the aforementioned water license, the Hamlet of Cambridge Bay shall provide as built plans/drawings of the modifications referred to in this Licence to the Nunavut Water Board within ninety (90) days of completion of the modifications.

I trust this is satisfactory, and fulfils the requirements of the Hamlet's water license. If you have any questions, please feel free to contact me at 983-2337.

Sincerely,

Mark Calliou
Senior Administrative Officer
