**RE: Notice of construction activities to be undertaken during water pipeline replacement in the Hamlet of Cambridge Bay, Nunavut (Part E, Item 1)**

Dear Mr. Calliou:

The Nunavut Water Board has reviewed the "Notice of Design Modification" documents submitted to the Board on May 27, 2004 in accordance with Part E, Item 1 of your water licence. These documents relate to the proposed construction of a replacement water line from Water Supply Lake to the water treatment facility located in the Hamlet of Cambridge Bay. The NWB herein approves the submission as presented and reminds the Licensee that as-built engineered diagrams of the modifications referred to in the "Notice of Design Modification" documents are to be submitted the Board within ninety (90) days of completion of the modification.

Should you require clarification in this matter do not hesitate to contact me.

Sincerely,

***Original signed by:***
