Cape Dorset Water Licence Application

1. This office has received a copy of the Cape Dorset Water Licence application (received by the Water Board November 22, 1994).
2. I would appreciate an update on the status of this application.
3. Of particular interest to this district is the consultation process required to be initiated when we begin our review process of this licence application.
4. I would also appreciate being advised when the initial drafting of this licence will be considered and at what stage such documentation will be provided our office.

Dear Mr. Gilhuly:

**RE: APPLICATION FOR WATER LICENCE**

Your water licence application is being processed by this office for the Northwest Territories Water Board. In order to draft the licence further information is needed.

The air photos and maps provided give a good overview of your community facilities. More detailed drawings of each facility (existing and proposed) are needed in order to develop your licence. The processing of your application will be resumed once this information is received.

If you have any questions regarding your application please call me at 920-8219.

Sincerely,

Brian Collins, C.P.H.I.(C)
