**Subject:** Cape Dorset visit

**July 3, 2007**

**Good Afternoon Dionne:**

We would like to reiterate our disappointment with what appears to be Dillon's lack of regard for the process at hand.

The Senior Administrative Officer, Art Stewart, is on annual leave at present, and I apologize for not being up to speed on what actions may be required of the Hamlet. Any assistance, suggestions or guidance would be greatly appreciated.

After a review of the Community Hall booking sheet, it came to my attention that on September 11 and 12, the Nunavut Court of Justice has the Community Hall reserved for Civil and Criminal Matters. Perhaps an additional week's time may have to be considered when planning your newspaper advertisement.

**Accommodations:**

**Kingalt Inn**

**Contact Fred Schell**

**Dorset Suites  
Guest House  
White House  
Beach House**

We feel it is important for the Board, Consultants, and Government officials do a site visit.

In addition to the issues pertaining to the Water License, there are issues of concern to the Hamlet with regards to site access during winter, width of road, spring drainage, etc. We recognize this may not be the appropriate forum to deal with those issues, (we have brought forth those issues with the GN—CGS personnel) but proverbially speaking we are hoping to "kill two birds with one rock".

If you have any further questions, please do not hesitate to give us a call or send us an e-mail.

Thanks,

**Brian McQuarrie  
Director, Finance and Personnel**
