

APPENDIX-P
MUNICIPAL TRAINING ORGANIZATION

The Municipal Government Certificate Program of MTO

The Municipal Government Certificate Program will provide education and training opportunities for the management team in the municipalities.

Core Courses -staff in every municipality may take five of the core course delivered in all the communities.

Specialty Courses in addition to the five core course at home, staff members may take five additional courses.

These courses are delivered in the regional centers. The specialty courses are designed to train people to strengthen the skills and to help them advance in their individual careers in administration or management positions. These specialty courses cover seven streams which are:

Participants successfully passing all five core courses and five course in their specialty will receive a "Municipal Government Certificate" through the Nunavut Arctic College.
