Our file Note reference 4571-1-7

Dear Council Members:

Enclosed is a summary of my discussions with you during my recent visit to your community. Also included are comments of my opinion of the overall condition of your municipality, and present dump situation.

Attached are copies of the Northern Inland Waters Act, Regulations applying to the Act, along with the latest amendments. Also included is an information booklet entitled "Procedures - Licencing - Legislation and All That" the total of which should inform you of the requirements regarding licencing and authorizing water use utilities.

To acquire the latest plans and proposals for your community you should contact Mr. Frank Cserepy who is the Regional Superintendent of Local Government for the Baffin area and located at Frobisher Bay.

If you wish to consult with me further concerning your community's water utilities, please do not hesitate in contacting me.

Yours truly,

Neil Bryant  
Head, Fort Smith, Keewatin  
and Baffin Districts  
Water Resources Division
