Water

$\frac{1}{2}$ gets old
? what scope

Water Improv.

I envisaged - noted WB has informal
 arrangement in MACA whereby pre-
 design & design plans for facilities
 not yet licensed are submitted
 to WB for general review & set

WB for general review +
commented re: their int. sets
continue pre-cha
(A.T. wants) WB can (service
to 11 activity in 3 - C.R. C.D. + P.T.)
at

not done yet

May 9/91 - MACA to A. The Key
1991/92 sanitation proj - C. Dorset -
construction of access roadway,
sewage lagoon + dumpsite at
new site. ^{with} ^{into} ^{one} ^{at} ^{time}

inspector Aug 90 - water Quality sample
by DAND - OK for drinking, non
conc. in the sky.

⇒ several res he waste disposal
? followed, esp at new const

me - rec have a box D.O. Baffin

Any concerns?

- tank & ^{other} ~~adequate~~ ^{fac.} for popn growth.

note when in, subs to enrol assess. made
considered before, consen

water from Tee hole (crest)

find out
if anything
to be done
w/ 91

Site flts discussed
for w tank / bldg access road
+ trade fill

Site #6 - best rating (avg 4.6)

- rec. site spec. geotech
info be carried out

& site 6 be rec.

rec. detailed design

Site works be initiated

So test
to the

if site works = ? are to
be constructed in 1991 construction
season.

went
to health

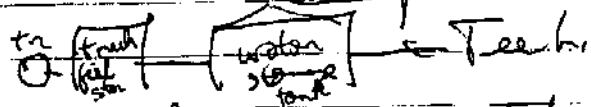

DPW FOR -

new water storage tank, + truck fill
sh + dig improvements to
connect to exist system (roads)

= excludes existing Tee h. pump house & water supply
main

ask if
the if
can be
access + road

P. Smith - left Friday to
go back to DPW

Vol II - evaluates alternatives
for various component parts
of water supply + delivery system -
piping, tank, instrumentation.

return
in instrument

0873 - 7335 -

Ran back M

Jack McK. - to call

C. Dorset

Water Supply Improv.
(ref Oliver Mayenne. ref.)
to WB Sept 92

What option chosen?

built?

if not when?

Seen - May 91 - MACA notice
to A. other. no work being
done in hamlets.

see
Sept 92

" E.D. - const. of new access road,
sewage lagoon + dumpsite at new
site -
built?
