

WATER BOARD UPDATE Agenda Item: 225-14a
B,i,m,o

FOR
MARCH 27 1996

SUBMITTED BY: GREG COOK, SPECIAL PROJECTS OFFICER

TOPIC: MISCELLANEOUS SCREENING ITEMS

STATUS: 14A: Cape Dorset-unchanged; need more information
before initiating review

14b: GMD Discovery Mine: nothing initiated; just received
-level 1 or 2 (RERC)?

14i: J.Rocher marina: unchanged pending resolution of
various requirements, including rezoning; possible RERC
candidate

*** based on the amount of mail coming in re this and
other marina proposals, the Board should be considering
its position re holding a public hearing based on public
concern (rather than on any significant water issues).

14m: Rayrock reclamation-should be covered by D.
Jessiman; will utilize federal PW & GS/YK District
screening

14o: Taloyoak: still on hold; need more info. No rush;
licence can be done by nunavut WB.

RECOMMENDATIONS:

as above

Greg Cook
