RE: NWB File # NWB3CAP, Water Licence Application, Cape Dorset, Nunavut.

Dear Mr. Holmes:

This letter is to advise that The Department of Fisheries and Oceans, Fish Habitat Management (DFO-FHM) received your Water Licence Application submitted on your behalf by Nunavut Water Board. I have reviewed the plans for the proposed work.

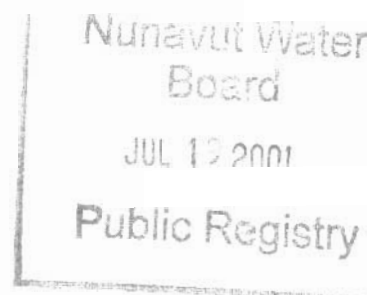

There is insufficient information to allow this project to be properly screened. Please provide a hydrological assessment examining potential impacts of the project on fish habitat including mitigation measures to prevent sedimentation from the lagoon dikes.

If you have any questions please contact me at (867) 979-8007 or by fax at (867) 979-8039.
