Dated: January 03, 2007

**Sub: Cape Dorset Sewage Lagoon-Water License Amendment**

Dear Mr. Joe,

I am writing you on behalf of the Hamlet of Cape Dorset and submitting a Stand alone final engineered design report in response to your letter dated September 20, 2006 to Art Stewart, SAO, Hamlet of Cape Dorset. This report will communicate to the following documents:

1. The Resolution of the Hamlet Council dated December 13, 2006.
2. The Geotechnical Report completed by AMEC dated October 13, 2005.
3. AMEC's letter dated Sep12, 2006
4. The Geotechnical Report Completed by AMEC on November 1, 2006, including the Map of the bore locations.
5. Detailed design drawings 100,101,109,111 and 112. (The drawings 102 to 108 and 110 describe works not related to the waste site.

I strongly recommend considering this document to be gazetted for Regulatory and Public comment in accordance with the Nunavut Water and Nunavut Surface Right Terminal Act.

I am confident that this stand alone document will satisfy Public and all the concerned regulatory bodies to amend the existing water License of the Hamlet of Cape Dorset.

If you have any question, please feel free to contact me at any time. I will appreciate if you keep me informed about the proceedings.

Thanking you,

**Bhabesh Roy, M.A.Sc., P.Eng.**
