RE: NWB3CAP0207 – Hamlet of Cape Dorset 2002 Annual Report

On behalf of Environment Canada (EC), I have reviewed the information submitted regarding the above-mentioned file. The following specialist advice has been provided pursuant to Environment Canada's mandated responsibilities for the enforcement of the *Canadian Environmental Protection Act*, Section 36(3) of the *Fisheries Act*, the *Migratory Birds Convention Act*, and the *Species at Risk Act*.

Environment Canada notes that the annual report does not include a list of unauthorized discharges or a summary of the follow-up actions taken regarding such discharges. Environment Canada recommends that the Hamlet be asked to provide this information. Environment Canada is also interested in reviewing copies of the laboratory results for the SNP locations, as these items were also missing from the Annual Report.

Please do not hesitate to contact me with any questions or comments with regards to the foregoing at (867) 975-4639 or by email at colette.meloche@ec.gc.ca.

Yours truly,

Colette Meloche
Environmental Assessment Specialist
