**ATTN: Jim Wall – Technical Advisor**

**Dear Jim:**

Re: Notification of Decanting of Sewage Lagoon in Cape Dorset

The Hamlet of Cape Dorset is seeking permission to decant the #2 and #3 cells of our sewage lagoon. At this time the #3 cell is very close to capacity. The fear is that if decanting is not done soon we may be in danger of losing the entire #3 cell due to wash out during the spring thaw. If approved, the decanting process would commence on Wednesday, April 6, 2005.

Please contact me at 867-897-8943 if you have any questions or comments.

Yours Sincerely,

Art Stewart  
Senior Administrative Officer
