ATTN: Joe Murdock – Technical Advisor

Dear Joe:

Re: Notification of Decanting of Sewage Lagoon in Cape Dorset

The Hamlet of Cape Dorset is seeking permission to decant the four (4) existing sewage lagoon cells in Cape Dorset. We wish to do so in order to increase the storage capacity of the cells during the winter months. We plan to start the decanting process during the last week of August 2006.

Yours Sincerely,

Art Stewart
Senior Administrative Officer

cc: Mike Hayward – Director of Municipal Works
Todd Parsons – Senior Municipal Planning Engineer CGS
Timoon Toonoo – Regional Superintendent CGS
Andrew Keim - INAC
