RE: Chesterfield Inlet Notice of Modification, Water Licence No. 3BM-CHE1523

Dear NWB Licensing:

As per Part E, Item 1 of the Hamlet of Chesterfield Inlet Water Licence No. 3BM-CHE1523, this letter is a notice of modification for the reservoir refill pipeline. The modification work will replace the existing pipeline that has been subject to numerous leaks during the seasonal reservoir refill period in recent years.

Please refer to the attached document *Water Transmission Line Design, Chesterfield Inlet, Nunavut* for more details.

As per Part E, Item 4, a construction summary report and as-built drawings will be submitted within 90 days of completion of the modification work.

If you have any questions, please contact Megan Lusty at 867-975-5478 or mlusty@gov.nu.ca.

Sincerely,

Megan Lusty
