Good Morning Bhabesh,

I hope you are doing well!

The Clyde River renewal application is back from public review. We did receive comments from AANDC (attached), and I have started drafting of the renewal. One small question please that was raised by AANDC as well:

D7 Item of Plan for Compliance states that a *Document for Segregation of Hazardous waste procedure* will be available by June 31, 2014 and segregation will be started in summer. Could you please inform whether or not this document is available for the submission?
