February 28, 2008.

Water License Amendment Application- Sewage Treatment Facility for the Hamlet of Clyde River, Baffin Region, Nunavut.

Dear Ms. Phyllis,

I like to confirm that the existing Water License number NWB3CLY0308 of the Hamlet of Clyde River will be expired on September 15, 2008. The design works for the improvement of the proposed Wastewater Treatment Facility and the Rehabilitation of the existing Facility have been completed. Therefore, I am submitting the relevant documents for the amendment of the existing Water license.

The documents supporting this application are attached as follows:

- 1. Amendment Water License application signed by SAO, Hamlet of Clyde River
- 2. Topographical map showing important existing facilities and also indicating the Proposed and Existing Wastewater Treatment Facilities stamped by the Engineer
- 3. Detailed design and drawings for both facilities stamped by the Engineer
- 4. Geotechnical Report for both facilities stamped by the Engineer
- 5. Wetland Model Study Report for the proposed facility stamped by the Engineer
- 6. A cheque for \$30.00 payable to "Receiver General for Canada."
- 7. Technical Summary Reports in English and Inuktitut
- 8. Authorization letter to CGS by Hamlet Council

Our intension is to start construction of this proposed facility sometime this coming summer. Therefore the approval of this water License is so important in order to Tender this job and also get facility materials on the Sealift.

I will appreciate if you keep me in the loop during the approval process. You may contact me at any time if you have any questions.
