September 18, 2000

Scott Carle  
Senior Administrative Officer  
Municipality of Clyde River  
P.O. Box 89  
Clyde River, NU X0A 0E0

Subject: Receipt of Application for Hamlet of Clyde River

Dear Mr. Carle:

The Nunavut Water Board acknowledges receipt of the following on September 15, 2000:

- Cover letter dated August 21, 2000
- Application Fee (Cheque 15052) for \$30 payable to the Receiver General
- Application Form
- Incomplete Supplementary Questionnaire

Receipt C116785 is enclosed for your records.

At this point, your application is still incomplete with regards to the project summary; the supplementary questionnaire; and the relevant maps, drawings, and / or plans to support the supplementary questionnaire.

The summary of the project (also called the executive summary) requested in item 13 of the application form is just a simple summary of what has been included in the application form and supplementary questionnaire. This summary should be between 1 paragraph and 1 page long and must be provided in both English and Inuktitut.

In the supplementary questionnaire, the section on public health has not been completed. If the Hamlet is unable to complete the technical aspects of the questionnaire, the Environmental Health Officer may be consulted. Please note that the completion of this section is still the responsibility of the Hamlet and not of the Nunavut Water Board, and we suggest that you contact the Environmental Health Officer. I am attaching the section to this letter in case you don't have a copy.

As indicated in your cover letter, we look forward to receiving the required maps when your Lands Officer completes them.

Thank you for your application and we look forward to receiving the missing elements.

Sincerely,

Rita Becker  
Licensing Administrator
