Subject: Receipt of Application for Hamlet of Clyde River

Dear Mr. Carle:

The Nunavut Water Board acknowledges receipt of the following on October 4, 2000

- Cover letter dated September 25, 2000
- Map

We look forward to receiving the remaining sections of the supplementary questionnaire, directly from CG&T and Health and Social Services, as indicated in your letter.

Once again, the summary should be a simple summarization of what material you have included in your application. For example, it could give a summary about the Hamlet of Clyde River, about the water supply, the sewage disposal, and the solid waste disposal. This summary should be non-technical in nature.

Once again, thank you for your submission and we look forward to receiving the missing elements.

Sincerely,

Rita Becker  
Licensing Administrator
