Hi Bhabesh,

I was recently reassigned with the Clyde River renewal application, and did a quick review of application and associated submissions. The exiting licence was expired in 2009, and since that many communications between the Board and GN-CGS happened with different document submissions at variable times. I am afraid that it would be very difficult especially for third parties to review this renewal application. So to further process the renewal application the Board would like to request a consolidated up to date renewal application and associated documents package with a cover letter that requests the Board to disregard the previous renewal application.

Regards,

Thanks Bhabesh.

The status of the Pond and Clyde files is:

Pond - Sean is reviewing the file for completeness but is on duty travel this week and not back in his office until next week

Clyde - The tech on this file is now Karen, he is currently on duty travel and will not be back in the office until next week. He will be reviewing upon his return and advise you of any deficiencies.

Hi Phyllis,

I am working on Resolute Airport sewage Lagoon licence renewal. You will be receiving all the supporting documents this week.

At the same time, We need to know the latest status of Pond Inlet and Clyde River WLs.

Thanks.
