Subject: Re: Applications for Coral Harbour and Repulse Bay
Hi Rita,

Thanks for your prompt response. It looks like Christa and myself will be compiling the information for an initial water licence for each of the communities.

You mentioned in your letter that you had a UMA report entitled "Repulse Bay Land Use Plan" and DIAND inspection and compliance reports for both Repulse Bay and Coral Harbour. Could send us (either Christa or myself) copies of these reports? They may be of use in the completion of the application. If they're available electronically, they could be emailed to us, or, alternatively, faxed to 867-873-3328.

Thanks for your help,
Stephanie
