Subject: Application for Improvement to Trail to Swimming Area

Dear Mr. Morash,

I am pleased to inform you that the Nunavut Water Board has approved your project to improve the trail to the swimming area on the river flowing in Peterson Bay, as outlined in your application dated July 3, 1997.

We note that this specific project does not involve crossing watercourses, but that it may require filling soft areas with granular material within 500 meters from a watercourse. In this case, efforts should be made to ensure that natural drainage is not altered and that sediments do not reach any watercourse.

Finally, I must inform you that you will need to file a separate application if the Hamlet contemplates a similar project involving fixed structure or temporary work in or near a permanent or seasonal watercourse.

I trust everything to your satisfaction.

Sincerely,

Philippe di Pizzo
Executive Director
