Raymond Kamookak
Senior Administrative Officer
Hamlet of Gjoa Haven

Subject: Proposed Questions for Wednesday July 26th, 2006 Meeting

Dear Raymond,

This letter is for your review. I have enclosed a set of questions as requested during our July 21, 2006 Meeting. The questions are focused on the Gjoa haven landfill. This project and the questions below are related to my training as a Student Technical Assistant at the NWB.

Questions for Hamlet of Gjoa Haven

- 1) Who from the Hamlet maintains and operates the landfill?
- 2) Approximately how much waste is brought to landfill in a Day, Week, Month, or Year?
- 3) Approximately how long has the current landfill been in operation?
- 4) Are there plans any time soon for new landfill, or is the current landfill going to be rehabilitated
- 5) What are the current plans for the berm breach on the south face of the landfill?
- 6) What are the plan for the missing fence on the south face of the landfill
- 7) Was there a land fill prior to the landfill that is in current operation?
- 8) How do you choose where to put certain waste in the landfill?
- 9) How do you respond to a fuel spill?
- 10) Who at the Hamlet operates and maintains the tank farm?
- 11) How will waste be managed once it leaves the landfill?
- 12) What can be done with all the used/old barrels around town?
- 13) How is the water intake facility operated and maintained?
- 14) Is there a spill kit near by, how many?
- 15) If the lake is believed to be contaminated, how is that managed?
- 16) What are biggest issues with the current I) Landfill II) Sewage Lagoon III) Water Intake Facility?

Thank you for your time in this project and questions. If possible after questioning, I was wondering if we can tour the Municipal facility. If you require assistance whatsoever please feel free to contact the undersigned at (867) 360-6338.

Sincerely,
