RE: A.P.M. CONSTRUCTION LTD. - SITE.

Mr. Akkikungnak,

The Hamlet of Gjoa Haven received a letter from Richard Dwyer, Community Lands Administrator dated August 16, 2001 in regards to A.P.M. Construction Ltd. Site.

As mentioned in the letter which Richard Dwyer, Community Lands Administrator wrote that he tried to meet with you twice to discuss the removal of property from the lot in which the property is located on. Also a field inspection was completed by Richard Dwyer; of what was on the lot.

It is a concern by council and the community that APM Construction Ltd. Properties and the surrounding areas have many hazardous materials that are safety hazards to the public. It is APM Construction's responsibility to clean and check for any environmental contaminant at both of these areas. The Hamlet Council of Gjoa Haven is requesting that APM Construction Ltd. to clean both of these areas as soon as possible, before end of September 2001. Otherwise, the Hamlet Council will take further action to resolve this problem one way or the other.

Once both properties are cleaned, the Hamlet Council will revisit your request for support to get funding for your business under a new name, C.A.P.

The Hamlet Council of Gjoa Haven would like to invite you and your colleagues that you attend the next Council meeting on September 11, 2001 to discuss this matter.

Sincerely,

Winnie Hatkaiittug

Winnie Hatkaiittug, Acting Senior Administrative Officer

C: Richard Dwyer, Community Lands Administrator
Sandy Stewart, Senior Lands Officer
