Development Permit DVP12-003GH
Gjoa Haven, Nunavut

Dear Mr. Bourassa,

Enclosed is a Development Permit for the construction of a new sewage lagoon in Gjoa Haven with the condition that the NWB and NIRB must provide approvals for the project. This permit commences 15 days after the Notice of Decision has been posted and this permit expires within 2 years after the issue date of the permit. If there are any objections to the development within the 2 week notice period, the permit becomes null and void. Should you require an extension to this expiry date, please let us know prior in advance.

We are always glad to see new developments occur in the community. Let us know if you have any questions or concerns about this permit.

Sincerely,

Original Signed By:

Troy Beaulieu
Development Officer
